Bad voting records blow up in legislators' faces as Idaho nears primary elections

Date: Thursday, February 24, 2022

Time: 10:00 a.m.

Where: Idaho State Capitol Rotunda, First Floor

Speakers: Steve Majors, ICGG
Miste Karlfeldt, Health Freedom Idaho
Fred Birnbaum, Idaho Freedom Foundation

Focus:

In a state where it is said that some 70% of Idaho's voters are conservative, we wonder why and how it is that the legislature of Idaho as a whole is anything but conservative, and why it fails to represent the values and beliefs of most Idahoans. Examples will be given, and standards for evaluating will be described, in a *non-partisan* effort to assess those we have voted for, and help us all decide wisely our upcoming vote in May's important primary election. We encourage all to examine their own legislators' performance. With this press event *Idaho Citizens for Good Government* kicks off an all-out effort to educate the public by way of an *8 ft. high x 24 ft. long* dramatic display, to the end of improving our Legislature by rejecting those who fail to respect the voice of the people they represent, and fail to honorably perform according to their oaths of office while in their roles as lawmakers. Idaho voters have a critical choice to make in May's primary election: elect public servants who will truly fulfill their duty on behalf of the people, or continue voting for those who speak a good campaign message but who's voting record stands in contrast to their words and actions.
