

## District 20 | Is **Senator Chuck Winder** a true Conservative?

Does he vote according to the will of the majority of the people and follow the State Republican Party Platform, or is he beholden to special interest groups and helping implement the Democrat's Liberal agenda?

### **CHUCK WINDER'S OWN VOTING RECORD PROVES HIM TO BE THE BIGGEST SPENDER IN THE IDAHO SENATE**

2021 Spending Index Score 0% - 2022 Spending Index Score 5.5% - 2023 Spending Index Score 6.1 %  
2 of the 3 years **HIS SCORE was the LOWEST in the ENTIRE IDAHO SENATE, LOWER THAN THE 7 SENATE DEMOCRATS! Is this what you expect from a Republican Senate Leader?**

Winder's Idaho Freedom Foundation Ratings, which came as a result of grading and analyzing 400 bills during the 2023 Session, were **D+ F F** for Education Freedom and Spending respectively. Chuck's Senate Majority Leader Kelly Anthon also scored **D F F**. Chuck's Asst. Majority Leader Abby Lee scored **F F F**. Chuck also appoints Committee Chairs as well. Seven (7), yes, Seven Committee Chairpersons also scored **F F F**. One scored **D- F F**, the other **D+ F F**, no different than the 7 Democrat scores.

**WORSE THAN HIS VOTING RECORD ARE WHO HE VOTES WITH. Senator Winder voted with the 7 Senate Democrats on EVERY SINGLE SPENDING BILL THAT PASSED THE SENATE in 2023.**

**You probably would never imagine the 7 Democrats were successful at passing virtually every bill. WITH CHUCK WINDER'S HELP THAT IS EXACTLY WHAT HAPPENED!**

**Here are a few of the 'Woke' bills Winder and his appointees helped the Democrats pass in 2023:**

- \* 0024- Idaho "Launch Program", providing \$8,500. per student tax payer funding for higher education.
- \* 1147- appropriates \$27,215,100 for a Health Education Program that promotes LGBTQ, Critical Race Theory, and transgender-based medicine.
- \* 1176- Gives Idaho Colleges and Universities special funding to fill Social Justice and DEI positions to serve gender equity centers, women's center, LGBTQ offices, cultural centers, and offices of equity and inclusion.

**In the Idaho Legislature, a committee chair can unilaterally kill a bill by simply not scheduling a hearing on it. There were dozens of bills in 2023 that met this very fate, including property tax breaks, legislator approval needed for an Emergency beyond 30 days, patient's right to visitation and requiring Child Protective Services to notify, in writing, parents and caregivers if they are investigating. THUSLY, CONSERVATIVE BILLS DON'T EVEN GET CONSIDERED UNDER CHUCK WINDER'S LEADERSHIP.**

**Your vote against Winder in 2024 can help keep Idaho from becoming another California, Oregon or Washington.**
