

C. Scott Grow

Although Mr. Grow ran as a **Republican**, he has a voting record that is far more **Democratic** than you might think especially when it comes to spending your tax dollars!

In the 3 bills noted below, he actually voted *with all* the **democrats** in both the House and the Senate while opposing many republicans on these issues.

H0024	↑Spending	↑Government size	↑Government Power	Violates Equal Protection under the law
H0213	↑Spending	Redistributes wealth	↑Federal Government Power	Violates US Constitution Article 10
H0132	↑Spending	↑Government size		

We can see that Scott Grows government well with these and other votes which are contrary to Republican principles that promote freedom, smaller government and less taxes.

Is this what you wanted when you voted **R** on your ballot?
