Although Mr. Schroeder ran as a **Republican**, he has a voting record that is far more **Democratic** than you might think especially when it comes to spending your tax dollars!

In the 3 bills noted below, he actually voted *with* all the **democrats** in both the House and the Senate while opposing many republicans on these issues.

H0024	↑Spending	↑Government size	↑Government Power	Violates Equal Protection under the law
S1147	↑Spending	Supports LGBTQ	Supports Abortion	Exceeds inflation in costs
S1176	↑Spending	↑Government size	↑Education costs permanently	Supports social justice, diversity, equity, and inclusion initiatives

These are just a small sampling of Mr. Schroeder's voting record.

He is the vice chair of the Local Government & Taxation committee so he has great influence over the spending of your tax dollars.

Is this what you wanted when you voted **R** on your ballot?
